

Your proposed constituency is Haverhill and Halstead

The map below displays our proposals for new constituencies in the area you searched for.

We encourage you to explore the interactive map and give us your views on our proposals through this website. Click on the 'How to' link at the top of the page for help on how to do so. If you have difficulty using this site, you can alternatively view our text proposal report for the region, and pdf maps, via the link under the 'Useful links' heading below the map.

If you wish your views to be considered, please ensure they are received by us no later than the closing date of this statutory consultation period, which is 2 August 2021.

! The boundaries and the name labels in the wards, existing and proposed constituency layers are visible only at a certain zoom level. Please zoom in to see all the information on these layers.

Review details

What do you need to know?

- The number of constituencies in the Eastern region will increase from 58 to 61
- By law, every constituency we propose must contain between 69,724 and 77,062 Parliamentary electors (as at 2 March 2020)
- As far as possible, we try to have regard to local ties, geographic factors, local government boundaries (as they were known at 1 December 2020), existing constituencies, and minimising disruption caused by proposed change
- We use local government wards as the building blocks for proposed constituencies, but will consider splitting a ward where there is a strong case for doing so that helps us better respect the factors above
